

READY FOR FY15 DATA?

Diane Cordry Golden
July 2014

CHANGES TO STATE AT DATA REPORT – RSA 572

SFA – Financial Loan

- Deleted Active Loan Number and Active Loan Amount
- Deleted ratio calculations since active loan denominator is deleted. Will calculate ratio based on a sum of loans made (maybe prior 5 year aggregate or similar)

Anecdotes (4 State Level Activities)

- Added check box to indicate picture is available
- Reduced text box display to encourage brevity

Training and TA Narratives

- Reduced text box display to encourage brevity

PERFORMANCE MEASURE REVISIONS

SFA and Reuse - Acquisition

- No change to acquisition measure itself or questions
- Added text box for required description of any exclusions to ensure accurate and consistent.

Device Loan and Demo

- New acquisition measure for non decision-making loan purposes (repair/waiting for funding, short-term accommodation, professional development activities)
- Eliminate IT/Telecom area in both Loan and Demo

Training

- New performance measure for IT training – outcome/result from IT training received collected from participants

DEVICE LOAN ACQUISITION PERFORMANCE MEASURE

Why did the individual borrow the device?

- * I could only afford to borrow the AT through this program. (I could not afford to rent or borrow it through other programs.)
- * The AT was only available to me through this program. (I am not eligible or there is no other rental or device loan program available; or the specific device I needed is not loaned by other programs.)
- * The AT was available to borrow from other programs, but the system was too complex or the wait time was too long. (I couldn't borrow the device in a timely manner.)
- * None of the above

TRAINING PERFORMANCE MEASURE

What is the primary outcome of participation in the training on Information Technology and Telecommunications Access?

- * IT and telecommunications (web, software, etc.) procurement or development policies, procedures, or practices will be improved or better implemented to ensure accessibility
- * Training or technical assistance will be developed/implemented to ensure accessibility of websites, software or other IT and telecommunications (web, software, etc.)
- * Outcome is unknown at this time.

CHANGES EFFECTIVE FOR FY15 DATA

Data collected as of Oct 1, 2014 will use the new form.

You may need to think about “carryover” data, e.g. device loan that begins in August 2014, but is not completed until end of October.

Later discussion of IT/Telecom training capacity – is there interest in national online training?

Will your data system be ready for these changes?

It tells stories, ♪

AT Program Activity Participation

Statewide AT Programs work with their Advisory Councils to plan and implement the four core state level activities and the state leadership activities through their state plan. All states will implement the four state level activities unless they utilize the comparability or flexibility provision allowed by the AT Act.

Comparability - Sec. 4(e)(1)(B) of the act allows states to not conduct one of the four state-level activities if that activity is supported comparably with nonfederal funds.

Flexibility - Sec. 4(e)(6) of the act gives states the "flexibility" to carry out only two or three state-level activities.

States that carry out all four state-level activities may use up to 40% of their federal funds for state leadership activities. States that utilize flexibility and carry out less than all four state-level activities may only use up to 30% of funds for state leadership activities.

All states implement the required state leadership activities without exception.

Participation in state level activities in FY 2013 is summarized below. A  indicates the program conducted the activity and data are available through this web portal. States that claimed Comparability or Flexibility are also indicated.

Participation in Activities by AT Programs in FY 2013				
State	State Financing Activities	Reuse Activities	Device Loan	Device Demonstration
Alabama			Flexibility	Flexibility
Alaska	Comparability			
American Samoa	Flexibility		Flexibility	
Arizona

ANNUAL REPORT TOOL (THE “ART”)

WHY DISCUSS THE ANNUAL REPORT TOOL?

• In a November 2013 survey of CATADA.info users, we discovered the following:

- 41% of survey respondents state they produce an annual report for their program based on their RSA 572 data
- The remaining 59% DO NOT produce a report
- Reasons given for not producing a report were:

Reason for not doing Annual Report	Response %
Do not have layout, printing or other expertise needed to produce annual report.	11.8%
Do not have financial resources to produce annual report.	47.1%
Do not see value in allocating resources to do annual report.	23.5%
Other reason (please specify)	58.8%

**THE ART MAKES IT EASY TO
CREATE REPORTS WORTHY

AT Program Resources

Resources pertinent to AT Programs include:

- The [CATADA Google Group](#) used for project announcements and communications
- [Access to the CATADA Annual Report Tool](#) (Login required)
- Materials presented at conferences and other professional meetings
- CATADA has developed a web-based day-to-day data collection system that can be used by State AT Programs for reporting data required by the Annual Progress Report (RSA 572). This system covers all the State AT Program activities, State Financing, Reuse, Device Loan, Device Demonstration, Training, etc. and each State AT Program can customize the system to include data elements beyond those required for the 572. The system also allows for data entry by multiple people and sites in an online format with the State AT Program controlling access. For more information about this system please contact Vance Dhooge at vdhooge@iltech.org

MAJOR UPDATES SINCE LAST YEAR (ALREADY IN PLACE)

- Connected Clients to Demo, Reuse, State Financing, Training, Information & Assistance and Technical Assistance
- Made the Application more Client Centric
- Export Clients, Inventory and Events
- Add satisfaction to device loan form and give users ability to check in devices from loan page to simplify the loan check in process
- Several aesthetic updates such as adding tabs to the Administration page
- Link inventory to demonstrations
- Simplified User Defined Field creation by adding a wizard
- Report wizard and year end reporting by region

UPCOMING FY2015 CHANGES (BEGINNING OCT 1 2014)

- URL will be changing from stateatdata.net to state572data.net
- Reporting changes as outlined by Diane earlier
- Public site – myatprogram.org
 - Participation optional
 - Client Registration required to request device loan or post classified item (if allowed)
 - Device Loan Request System
 - AT Classified System

Welcome to the NATADS Assistive Technology Loan / Classified System

Device Loan Request System

The purpose of the device loan program is to let potential AT users try-out devices prior to purchase, have access to a backup system when their device is in for repairs and or have access to a device while waiting for their device to be delivered.

How to Borrow a Device...

The device loan program is FREE and easy to use. **All device loans are for weeks unless otherwise specified.** The only cost the borrower may incur is the return shipment.

Note: Please fill out one (1) request per device recipient.

To Begin a Device Loan Please select from one of the following options:

[Login:](#)

Please use the [Login](#) form on the upper left corner to login if you have already registered for an account.

[Register:](#)

[Register](#) for an account to be able to submit a request for a device loan.

[View Devices for Loan:](#)

Please Select a participating State AT Program from the list below to view available devices from that state:

[Search Devices from Illinois](#)

Assistive Technology Classifieds

The purpose of the AT classifieds is to allow individuals the ability to view and post gently used Assistive Technology for sale, free or needed.

To Enter the AT Classifieds Please select from one of the following options:

Statewide AT programs provide short-term loans of AT devices to individuals or entities. The purpose of the loan may be to assist in decision making, to serve as a loaner while the consumer is waiting for device repair or funding, to provide an accommodation on a short-term basis for a time-limited event/situation, or to conduct training, self-education or other professional development activity.

Only loans for the purpose of decision-making should be included in the performance measures.

NATADS Device Loan Request Form

Request Number: 17-LR-10000
Request Date: 5/9/2014 9:53:23 AM

Requestor Information

Client Name

Vance Dhooge
[Select Client](#)

Type of individual or entity requesting the equipment: (please select the option which best describes the capacity in which you are requesting the equipment):

▾

Purpose of the Device Loan

Please indicate only one response which best describes the decision purpose for which I (or the person I am representing) am requesting the equipment:

- Assist in decision making (device trial or evaluation)
- Serve as Loaner during Device Repair or while waiting for funding
- Provide an accomodation on a short-term basis
- Conduct training, self-education or other professional development activity

The primary purpose for which I (or the person I am representing) needs the requested AT device(s) or service(s) is related to:

- Education
- Employment
- Community Living
- IT / Telecomm

Welcome to the NATADS Assistive Technology Loan / Classified System

Device Loan Request System

The purpose of the device loan program is to let potential AT users try-out devices prior to purchase, have access to a backup system when their device is in for repairs and/or have access to a device while waiting for their device to be delivered.

How to Borrow a Device...

The device loan program is FREE and easy to use. All device loans are for weeks unless otherwise specified. The only cost the borrower may incur is the return shipment.

Note: Please fill out one (1) request per device recipient.

To Begin a Device Loan Please select from one of the following options:

- ➡ [View Devices for Loan:](#) Please click the link below to view available devices for your state:
[Search Devices from Illinois](#)
- ➡ [View My Shopping Cart:](#) Check if I left any devices in my loan [Shopping Cart](#)

Assistive Technology Classifieds

The purpose of the AT classifieds is to allow individuals the ability to view and post gently used Assistive Technology for sale, free or needed.

To Enter the AT Classifieds Please select from one of the following options:

- ➡ [Search Classifieds:](#) Please click the link below to view classifieds for your state:

CONCLUSION

- MyATProgram.net and NATADS changes are now in Beta (need beta programs for testing)
- Device Loan Request System and Classifieds System set to go live October 1, 2014
- For Next Year
 - Facelift (updated controls)
 - Updated Search Screens
 - Inventory Item and Client User Defined Fields
 - Look into data importing from csv files
